

CAPSULE AND POD COFFEE MACHINES

The company Capitani srl celebrates in 2019 its fortieth year of activity, a very important and prestigious goal, full of meanings.

The consolidated experience in the small household appliances sector is constantly able to meet the needs of the most prestigious clients both nationally and internationally, also thanks to the passion and to the dedication to work that the people representing the supporting structure of the company express.

The capsule and pod coffee machines are another topic that determines the continuous and progressive growth of the company.

The high skills and the know-how acquired over the years, allows the company to face the challenge of designing and producing strictly in Italy, focusing on systems with high technological content, innovation and quality.
